His grading abilities are unparalleled
Office Hours, homework review
Francesco was frequently available outside of class and was very helpful. His discussion lectures in particular were great. Homework was always graded promptly.
Francesco is amazing. I've never seen a more hardworking, responsible, helpful and passionate TA.
Super good discussion notes
Discussion sections and office hours contributed the most. He was super passionate about metrics and was very helpful in reviewing topics and explaining concepts. I
Very accessible — very thoughtful and goes through material well — Heard great things in addition to my limited interactions
He was amazing. He clearly spoke with roark and knew just the right things to focus on each week to fill in gaps in lecture. He graded everything very quickly and overall was the best TA i have ever had in any course.
discussion sections
Passionate and engaging lecturer. Easily the best TA I've had during my time here.
Francesco is highly skilled at honing in on uncertainties in the students relationship with the material and resolving these issues. He's an excellent teacher in of himself.

more straight forward explanations
NOTHING!!! He was amazing.
He could understand where we are as undergraduates. He was always willing to help, but could get upset if we were failing to grasp a concept that to him was trivial. What is trivial to a TA vs. to an undergraduate often differ greatly.
Nothing
He sets the bar high for other TAs, operating at the level of most of my professors. Maybe in processing and answering student questions he could benefit from more experience in.
