- provides additional explanation to help u understand course material that might not be covered in the quiz
- identifies potential misunderstanding we might have in understanding course material
- Really understood EC201 cent fem so much more than michael was term 😊
- Thank you! 😊

The materials always presented really clearly and Francesco gives really detailed answers to any problems, so its really helpful.

I think I've learned a lot in classes, thank you so much!

• he could email the quiz answers after every class, because sometimes he forgets to say the answer on the quiz.

OUR TEACHER IS VERY VERY GOOD → BEST I HAVE HAD SO FAR!

Speak more slowly, and handout notes of his own of some topics if we didn't have time in class

~~Provide examples of when material has been app~~
 written hand out copies on uncertainty useful; such handout as very useful as you can focus in class rather than making notes. → more of these if possible.

~~He is very~~ He has great passion in teaching.

One thing he did really touched me. He added extra hours for his each class to go through problem set in library.

I would say he is one the most responsible teacher I met at LSE

The best teacher I have had at LSE so far!

> Outstanding teaching quality !!

Makes a great effort in making sure every student in the class understands concepts.

'Gives a lot of time for students to ask questions even after class.!!

~~Amazing~~ Excellent teacher!

Francesco is one of the best teachers I have ever had at LSE. He really cares about our understanding and actively encourages us to raise any issues we may have. He even taught extra classes to go over the problem set with us! A huge thank you to him for being the reason I enjoy this course so much.

Excellent teacher. Strong commitment.
Does more than the job.

-
- Created extra informal sessions to go through written assignments
 - Before marking each quiz we go through an overview of subject matter which is helpful.

Great teacher!

Very good at explaining ideas and concepts and ensuring all members of the class understand course material.

Try and go through the whole of 1 quiz each week rather than 2 halves of 2 quizzes.

- gives very clear explanation of material
- additional notes + classes are helpful
- though would be better if we can move on faster with the material in each class - finish explaining ~~the~~ each quiz in one class

Very responsible teacher

- He explains the theory behind the problem before going through the particular solution which is very helpful.
- I don't think any ^{aspects} of his teaching could be improved, he is the best economics teacher I've had in 3 years at LSE.

Francesco is a great teacher, he answers all of our questions well and presents himself as a very enthusiastic individual who really cares about his students

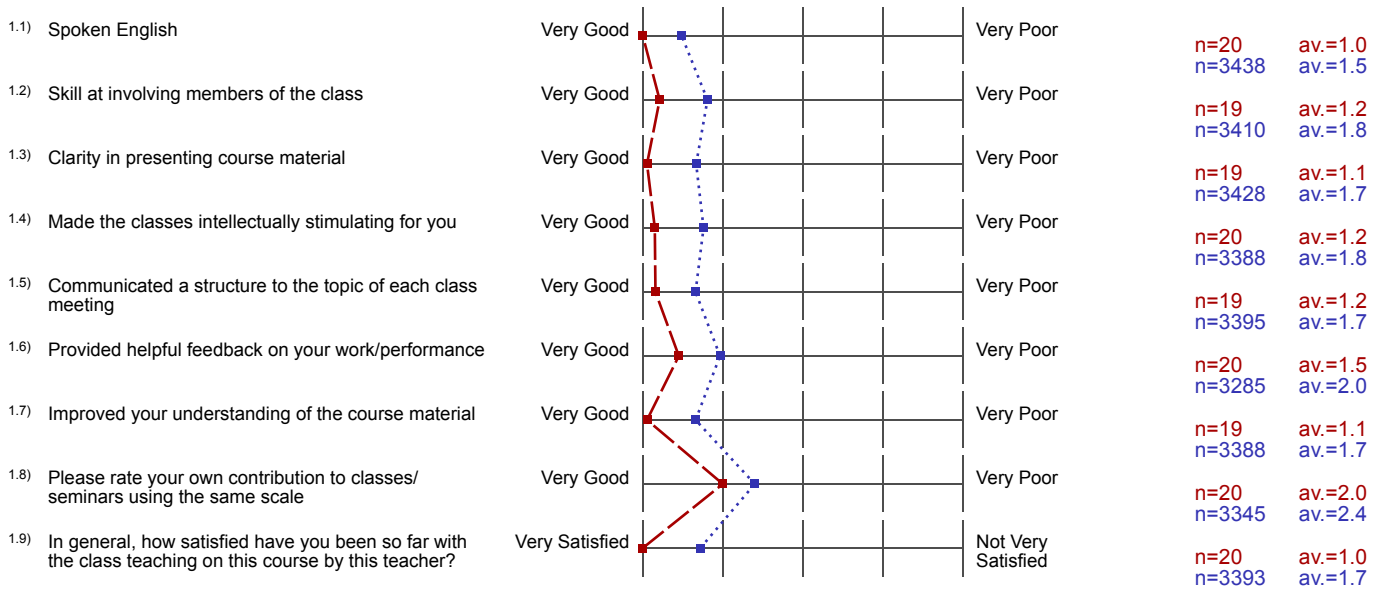

- very clear & helpful explanations to the quiz questions, as well as additional materials to help improve our understanding of the main concepts of the course

Helped understanding significantly.
Should try to cover all answers in one class

Very good at explaining class materials.
Sacrificed own time to teach students
Very good!

I like the fact that you go through most of the
formulas/equations/graphs/calculation.

- Better teacher than last term
(the one)
- be more focused on short-answer questions than quizzes
the course should
- helpful worked examples

Explanations very helpful but sometimes too long.
Wish that we could cover the whole quiz in one class.

Excellent teaching, full explanations, clear structure to classes.
Always, ~~is~~ ~~happy~~ happy to offer extra help, even outside
of class.

Not only does he have a complete understanding of the course,
but is able to teach to a very high degree.

He was very helpful
in making us understand the
materials.

I am thoroughly enjoying my lessons with Mr Ruggieri. He has a lot of clarity when teaching, and he explains the content of the lectures well.

I learn a lot in these lessons and Mr Ruggieri goes above and beyond if we are stuck on a question to make sure we understand the important concepts.

He is a very good teacher.

VERY GOOD

OC classes are good BUT — please stick to a five.
we have a lecture after the class.

— please finish the quiz in the hour.
It's not helpful to over.
